SUPER8FILMAKER®

INDEX / VOL VI

Compiled by Pat Corbett

To help you locate articles of interest that have appeared in SUPER-8 FILMAKER over the past year, we've compiled this index to Volume VI. It follows the form of our index to Volume V, which appeared in last year's January/February issue, and our previous indexes. We've divided the index into Subject, Title and Author headings to help you pinpoint an article you may want to find. We will supplement this index each year in the January/February issue.
